Hugh and Joan Boxall

Probably in Sutton
2 people unknown

The name of Jack crops up in Joan diaries mid 1938 and again 1941. The inference is that he was connected with her social life with the Nottingham Haycrafts, but in 1941 Joan hit him, the first time she hit anyone. However the card is associated with Civil Defence in London probably Christmas 1940 or possibly 1941
 (Blitz Sept 40 -May 41)
